

"It was lovely to come back and see all the changes you have implemented.

I just wanted to say what a fantastic job you and your team have done. I appreciate all the hard work that you have all put in!

The outside structure looks fantastic, giving that free-flow aspect to the rooms, and a lovely all-weather area to use with lovely rich resource's.

The new room layouts give the children different areas to discover, bringing intrigue and interest to their play. The stripping back of the resources demonstrates a calming effect which is reflected in the way the children play and use the room. Display boards look great, loved the use of hay as a boarder and the logs and wooden benches in the room.

I also noted the organised and efficient paperwork - the training log, staff recruitment and action plans.

Alice, there are so many really positive things I saw this morning, please do pass this on to the rest of your team, you have all worked incredibly hard and I truly hope you are all very proud of the setting you are creating."

Kelly
